| CONTACT INFORMATION | Associate Professor Division of Geoinformatics Department of Urban Planning and Environment KTH Royal Institute of Technology Drottning Kristinas väg 30 100 44 Stockholm, Sweden | Mobile: +46-76-339-26-92 Office: +46-8-790-70-21 Fax: +46-8-790-85-80 E-mail: gyozo@kth.se Web: people.kth.se/~gyozo/ |
| QUALIFICATIONS AND INTERESTS | Spatio-temporal and trajectory data mining, artificial intelligence, data stream processing, high performance and distributed computing, location-based services for traffic, transportation or m-commerce, location intelligence and geospatial business intelligence, and GeolT subareas such as web and mobile GIS and spatial databases. | |
| EDUCATION | <p>Aalborg University, Aalborg, Denmark</p> <p>Ph.D., Computer Science (Database and Programming Technologies), 2008</p> <ul style="list-style-type: none"> • Thesis Topic: Spatio-Temporal Data Mining for Location-Based Services • Adviser: Professor Torben Bach Pedersen • Area of Study: Data Mining, Databases <p>University of California, San Diego, San Diego, CA</p> <p>M.S., Computer Science and Engineering, 2002 GPA: 3.80 (4.0 scale)</p> <ul style="list-style-type: none"> • Thesis Topic: Financial Text Mining • Adviser: Professor Charles Elkan • Area of Study: Artificial Intelligence <p>San Diego State University, San Diego, CA</p> <p>B.S., Computer Science, 2000 GPA: 3.86 (4.0 scale)</p> <ul style="list-style-type: none"> • Summa Cum Laude • Thesis Topic: Collision Avoidance for Pioneer 2 Mobile Robots • Adviser: Dr. Mahmoud Tarokh • Area of Study: Robotics and Artificial Intelligence | |
| PROFESSIONAL EXPERIENCE | <p>KTH Royal Institute of Technology, Department of Urban Planning and Environment, Division of Geoinformatics, Stockholm, Sweden</p> <p><u>Associate Professor</u> 2015 to present</p> <ul style="list-style-type: none"> • Responsible for three topics within Geoinformatics: Spatial Database, Spatial Analysis, and Web and Mobile GIS. • Independently initiate and pursue research of high scientific quality. • Attract external research funding and disseminate research results. • Supervise Master and PhD students. • Responsible for international Master courses as in previous post. • Administration. <p><u>Assistant Professor (Tenure Track)</u> 2010 to 2014</p> <ul style="list-style-type: none"> • Responsible for three topics within Geoinformatics: Spatial Database, Web GIS and Mobile GIS. • Independently initiate and pursue research of high scientific quality. • Attract external research funding and disseminate research results. • Supervise Master students. | |

- Responsible for international Master courses: AG2414 - Spatial Analysis(since 2011 annually), AG2425 - Spatial Databases (since 2010 annually), AG2415 - Web GIS (2010, 2011, 2012), AG2426 - Mobile GIS (2010, 2012), AG2417 - Web and Mobile GIS (since 2012 annually), and AG2421 - A GIS Project (2010).
- Administration.

Uppsala University, Dept. of Information Technology (UDBL), Uppsala, Sweden

Postdoctoral Researcher / Research Associate **2008 to 2010**

- iStreams: Searching and Analyzing On-line High Volume Industrial Streams
- Supervisor (PI): Professor Tore Risch
- Develop methods and tools for analyzing and mining high volume industrial data streams.
- Supervise Master students.
- Course assistant for: 1DL018 - Electronic Commerce and Security(2x), 1DL029 - Database Design (1x) and 1DL105 - Data Mining (2x).
 - Prepare and grade lab / programming assignments and exams, maintain course homepage, present tutorials in lectures, hold office hours, supervise group projects, and develop future course structure and content.

Aalborg University, Dept. of Computer Science (DPT), Aalborg, Denmark

Research Assistant **2008**

- Supervisor: Professor Torben Bach Pedersen
- Develop methods and systems for shared transportation services.

Geomatic ApS - Center for Geoinformatic, Copenhagen, Denmark

Industrial Ph.D. Student / Data Miner **2004 to 2008**

- Spatio-temporal data mining for location-based services: 1) extend popular data mining methods to the spatio-temporal domain, 2) demonstrate the usefulness of the extended methods and the derived knowledge in promising LBS examples, and 3) eliminate privacy concerns in connection with spatio-temporal data mining by devising systems for privacy-preserving location data collection and mining.
- Design, optimize and automate ETL and data analysis processes, design and implement spatial clustering of large multi-dimensional data sets, and perform various geo-demographic analysis tasks.

UC San Diego, Dept. of Computer Science and Engineering (AI) San Diego, CA

Research Assistant **2002 to 2003**

- Supervisor: Professor Charles Elkan
- Mining and analysis of financial text and time series.

System Design Group (SDG) Inc., San Diego, CA

Testing Intern **1998 to 1999**

- Design, implement, and use scripts to test flash memory products.

Imaging Technologies Corporation (ITEC) Inc., San Diego, CA

Testing Intern **1996 to 1997**

- Design, implement, and use scripts to test PostScript printers and MFPs.

Aurora Electronics Inc., San Diego, CA

Testing Intern **1996 to 1997**

- Test, assemble, troubleshoot, and repair various computers and other hardware.

INVITED TALKS

- Invited lecture on “Trajectory Privacy: Measures and Preservation Methods” at the FOT-Net Data Workshop 2: FOT Data Anonymization, SAFER, Lindholmen Science Park, Gothenburg, Sweden, September 1-2, 2015.
- Invited lecture on “Grid-Based Intelligent Traffic Information Hub” at the ToL/TLA Friday Joint Seminar at the Department of Transport Science, KTH, Stockholm, Sweden, May 3, 2013.
- Invited lecture on “Brief Survey of Trajectory Prediction” at the Dagstuhl Seminar 12512: Representation, Analysis and Visualization of Moving Objects., Organized by J. Gudmundsson, P. Laube, S. Timpf, and E. Van Loon, Schloss Dagstuhl, Germany, December 16-21, 2012.
- Invited lectures on “Frequent Route Based Continuous Moving Object Location- and Density Prediction on Road Networks” and “Grid-Based Multidimensional Spatial Pattern Mining - A MapReduce Implementation” at the Institute Of High Performance Computing (IHPC), Agency for Science, Technology and Research (A*STAR), Singapore, March 6-9, 2012.
- Invited lecture on “Selection of Recent Projects in Spatio-Temporal Data Mining” at the NCG Seminar at the National Centre for Geocomputation, National University of Ireland, Maynooth, Ireland, November 16. 2011.

SELECTED AWARDS AND RECOGNITION

- 2004 - Danish Ministry of Science, Technology and Innovation research grant.
- 2000 - Macro Fellowship at UCSD.
- 2000 - First Price at SDSU's College of Sciences Undergrad Research Symposium.
- 2000 - Graduated Summa Cum Laude from SDSU.

SCIENTIFIC
SERVICE

- Editorial board / program committee member:
 - Journal of Location Based Services
 - IEEE Int'l Workshop on Scalable Computing for Big Data Analytics
 - The 6th Int'l Conf. on Multimedia and Ubiquitous Engineering
 - 12th Int'l Conf. on Data Warehousing and Knowledge Discovery
- Reviewer for more than 25 journals and conferences, including: Geoinformatica, IJGIS, JLBS, JoSIS, JoDS, TKDE, KAIS, DAPD, CIT, The Computer Journal, ACM GIS, VLDB, SIGMOD, ICDE, EDBT, MDM, DaWaK, DEXA, DOLAP, ADVIS, IASTED, ADBIS, ICDCIT, ICNSW, SBBD, MUSIC, and ITS.

PROFESSIONAL
MEMBERSHIPS

ACM, Association for Computing Machinery (SIGSPATIAL)

STUDENT
ADVISING

- 2 Ph.D. student (co-supervision in progress)
- 19 M.Sc. students (15 completed, 4 in progress)
- 3 B.Sc. students

TEACHING

KTH Royal Institute of Technology, Department of Urban Planning and Environment, Division of Geoinformatics, Stockholm, SwedenCourse Responsible**2010 to present**

- International Master courses:
 - AG2414 - Spatial Analysis (since 2011 annually)
 - AG2425 - Spatial Databases (since 2010 annually)
 - AG2415 - Web GIS (2010, 2011)
 - AG2426 - Mobile GIS (2010, 2011)
 - AG2417 - Web and Mobile GIS (since 2012 annually)
 - AG2421 - A GIS Project (2010)
- Roles: Course responsible, lecturer, and examiner.

Pedagogical Studies**2010 to present**

- LH203V Learning and Teaching in Subject Perspective course
- LH207V Doctoral Supervision course
- LH201V Learning and Teaching course
- Workshop in CDIO Teamwork (Integrating teamwork in programs and courses)
- Partners In Learning (PIL) program

Uppsala University, Dept. of Information Technology (UDBL), Uppsala, SwedenCourse Assistant**2008 to 2010**

- Courses:
 - 1DL018 - Electronic Commerce and Security (2009, 2010)
 - 1DL029 - Database Design I (2008)
 - 1DL105 - Data Mining (2008, 2009)
- Duties: Prepare and grade lab / programming assignments and exams, maintain course homepage, present tutorials in lectures, hold office hours, supervise group projects, and develop future course structure and content.

UC San Diego, Dept. of Computer Science and Engineering (AI) San Diego, CATeaching Assistant**2001 to 2002**

- Courses:
 - CSE 134A - Web Service Design and Programming (2002)
 - CSE 101 - Introduction to Algorithms (2001, 2002)
- Duties: Prepare and grade assignments and tests, hold office hours and discussion sections.

San Diego State University - HCOP, San Diego, CAPhysics MCAT Prep Course Instructor**1999 to 2000**

- Review relevant college level physics material for small groups of 10-20 students as a preparation for the Medical College Admission Test (MCAT).

Physics Tutor, Workshop Facilitator, and Teaching Assistant**1997 to 2000**

- In addition to general teaching duties, also show leadership, be a role model and give motivation to my students.
