Journal publications in refereed international journals:

[32] L. Nordquist, N. Roxhed, P. Griss, G. Stemme, "Novel Microneedle Patches for Active Insulin Delivery are Efficient in Maintaining Glycaemic Control: An Initial Comparison with
Subcutaneous Administration,” Pharmaceutical Research, vol. 24, (no. 7,) pp. 1381-8, (Jul) 2007 (Number of citations: 35)

**Papers at peer-reviewed international scientific conferences:**

[56] Per S. Ericsson, Andreas Fischer, Fredrik Forsberg, Niclas Roxhed, Björn Samel, Susan Savage, Göran Stemme, Stanley Wissmar, Olof Öberg, Frank Niklaus, "Toward 17μm pitch heterogeneously integrated Si/SiGe quantum well bolometer focal plane arrays", Proc. SPIE Volume 8012, 2011

[62] N. Roxhed, “Microneedle Fabrication and Challenges on a New Drug Administration Standard”, 1st Int. Conf. on Microneedles, Atlanta, USA, May 2010, Invited talk, (Number of citations: Not found)

Publications

[71] T. Frisk, **N. Roxhed**, G. Stemme, "MEMS for Medical Technology Applications," SPIE Photonics West: MOEMS - MEMS Conference (San José, USA), 2007, Invited Plenary (G. Stemme) (Number of citations: Not found)

**Thesis**
Publications  Niclas Roxhed
